# D20 Entry Sensor

Get real-time awareness, instant alerts, and synchronized video clips for entry events. Manage entry points during emergencies and prevent unauthorized access.

## Enhanced Entry Monitoring

The D20 Entry Sensor is capable of monitoring and securing multiple entry points, ranging from doors and windows to roll-up doors. Its valuable analytics seamlessly integrate with video footage, ensuring comprehensive protection against unauthorized access, theft, and vandalism. The sensor sends timely alerts when access points are left open and provides a clear picture to ensure proper building security at all times.

- $99 (MSRP USD)
- Real-time entry monitoring and status updates
- Durable form-factor for enhanced product longevity
- Deploys in seconds, lasts for years
- Backed by a 2-year warranty
